

I Quad LED Floodlight

The better, brighter floodlight

FEATURES

Luminaire is designed for outdoor lighting applications where a directed light source is required.

Max Lite™ reflector maximizes LED light output.

Maintenance free, vandal-resistant construction.

Installs quickly and easily.

Powered by a separate solar array, ideal for sign lighting, monuments, up lighting, building security, perimeter fence security lighting, remote buildings, and other floodlight applications.

SPECIFICATIONS

Engineered for use with IQ 15-watt LED light source.

Silicone gasketing and tempered-glass lens.

Standard ½” NPT die-cast swivel fits standard J-box.

Sturdy die-cast aluminum housing and lens frame.

Dark bronze polyester powder-coat finish.

UL listed for wet locations.

Fixture	Dimensions Length x Width x Depth (inches)	Weight (pounds)
Sol IQ LED Floodlight	4 3/4 x 5 x 4	1.5 lbs.
